## Exhibitor reviews

We presented a wide range of equipment and various solutions in the field of non-destructive testing at the exhibition. Many representatives of companies working in oil and gas industry, energy, aviation, railway industry visited our stand. Visitors at a time got the opportunity to study all the presented models, compare their technical specifications and price categories and choose the best variant that meets all their requirements. Every visitor received professional consultation and advantageous offer for further cooperation.

**Artem Shlyayev,**  
Sales manager, 'TWN Technology'

Our company traditionally took part in the exhibition and demonstrated the whole range of mass production equipment. Our exhibition stand attracted attention of the representatives of various companies, we managed to hold business negotiations with many of them and reach an agreement on mutually beneficial partnership. In addition visitors got the chance to test new developments just at the exhibition.'

**Nikita Yakhontov,**  
Head of marketing and sales department, 'AKS'

**NDT Russia is held alongside  
with the international industrial exhibitions:**
